Job Description

Work with a team in the process of manufacturing precast concrete products as a Sack and Patch Tech; finishing concrete and making our product ready for delivery or pick up. The right candidate is self-motivated, independent worker who also excel in a team environment with an eye for detail.

Responsibilities:

- Prep work utilizing cement or finish product
- Level, smooth, and shape surfaces of freshly poured concrete
- Finish concrete surfaces using trowels or abrasive stone
- Remove rough or defective spots from concrete surfaces using grinders, chisels, and hammers.
- Patch holes with fresh concrete or epoxy compound
- Clean work area and restock supplies and materials as necessary
- Adhere to production time frames
- Strict adherence to safety rules and restrictions
- All other duties as assigned
- All team members are expected to demonstrate the following characteristics:
 - Cooperate with others when in a team environment
 - Accept direction from supervisors
 - Follow work rules and procedures
 - Punctual and consistent in attendance
 - Accept constructive feedback

Skills Needed:

- Ability to use concrete finishing tools
- Proficiency in hand and power tools
- Basic understanding of Personal Protective Equipment (PPE)
- Safety mindset

Qualifications:

- Work Experience: 0-2 years
- Strong teamwork orientation
- Positive attitude
- Detail orientation
- Ability to handle physical workload
 - Lift up to 60lbs
 - Ability to frequently sit, stand, walk, crouch, kneel, and climb

About Wilbert Precast, Inc.

Wilbert Precast, Inc. provides a wide variety of precast concrete products to the Northwest through our premier manufacturing facilities in Spokane, Yakima, and Lewiston. Wilbert Precast is certified by PCI and NPCA. As a leader of new technologies, we have the ability to meet our customer's project demands and serve our customers one quality product at a time. As a company, we believe that if we unify our strengths and weaknesses, intentionally challenge what's normal in our efforts to grow, and confront every roadblock together as a team we will create the best solution for every customer using quality materials backed by quality people.
