The ideal candidate has an excellent understanding of GAAP and enjoys improving process to save time and provide better quality information. Expertise in manufacturing, job costing, inventory concepts is a plus. Familiarity with accounting software implementation is a plus.

Wilbert Precast, Inc. has grown dramatically in the last 30 years, and the Accounting Manager will work closely with leadership in all departments to identify and measure strategies that guide the company to a position of strength for years to come.

This position reports directly to the CFO.

Responsibilities:

- Organize the monthly and annual accounting close process including accruals, reconciliations, reporting, and analysis
- Oversee controls across A/R, A/P, Cash, Payroll, Inventory
- Demonstrate exemplary leadership and talent development of the accounting team
- Manage tax and all other matters of tax compliance
- Support forecasting, variance analysis, and financial reporting cycle
- Identify and lead process improvement projects that bring time savings and improve profitability
- Support internal and external audit work
- Develop policies and procedures to improve the quality, consistency, timeliness of our financial information

Qualifications:

- BA in Accounting or Finance
- CPA preferred but not required
- 5-7 years experience in Corporate Accounting
- Experience in a leadership position a plus
- Proficiency in Microsoft & Google programs
- Proficiency in systems implementation a plus

About Wilbert Precast, Inc.

Wilbert Precast, provides a wide variety of precast concrete products to the Northwest through our premier manufacturing facilities in Spokane, Yakima, and Lewiston. Wilbert Precast is certified by PCI and NPCA. As a leader of new technologies, we have the ability to meet our customer's project demands and serve our customers one quality product at a time. As a company we believe that if we unify our strengths and weaknesses, intentionally challenge what's normal in our efforts to grow, and confront every roadblock together as a team we will create the best solution for every customer using quality materials backed by quality people.
