It is a big plus for the candidate if their accounting background includes service in a project accounting environment, especially regarding manufacturers or fabricators.

Wilbert Precast, Inc. has grown dramatically in the last 30 years and the Accountant will work closely with leadership in all departments to identify and measure strategies that guide the company to a position of strength for years to come.

This position reports directly to the Corporate Controller.

Responsibilities:

- Oversee key functions of the accounting close calendar including journal entries, accruals, reconciliations
- Perform payroll process and benefits administration

NOW HIRING

- Support tax and other necessary compliance matters
- Prepare month end reporting to support business reviews
- Identify and lead Accounting process improvement initiatives
- Develop policies and procedures

Qualifications:

- BA in Accounting
- 2-3 years' experience in corporate Accounting
- Experience with project accounting, job costing a plus
- Experience with manufacturing a plus
- Proficiency in Microsoft & Google programs
