Job Description

Wilbert Precast, Inc. currently has an opening for a Mechanic 2. This position inspects, repairs, services and performs major and minor repairs to automobiles, trucks, trailers, forklifts, construction and other power-driven equipment under the direction of the shop manager. The ideal candidate should have the ability to use some independent judgment and the initiative to continue training in the latest knowledge and techniques of the trade.

Candidates must be willing to pass an on-site evaluation utilizing company process and tools associated with the position.
