Job Description

Wilbert Precast, Inc. has an immediate opening for a Mechanic. This person will inspect, service, and perform both major and minor repairs on automobiles, trucks, trailers, forklifts, construction, and other power-driven equipment. The ideal candidate is a self-starter with the ability to use independent judgment and the initiative to continue training in the latest knowledge and techniques of the trade.

Wilbert Precast, Inc.'s fleet has grown considerably in the last five years. The Mechanic chosen for the position will work alongside a team of professionals who are dedicated to their work and take pride in what they do.

Responsibilities:

- Perform Inspections
- Routine Servicing
- Preventive Maintenance
- Major and Minor Repairs
- Maintain Clean Work Environment

Qualifications:

- 3-4 Years Automotive / Truck Maintenance Shop Experience
- Strong Customer Service Skills
- Strong Communication Skills
- Diagnostic Skills
- Problem-Solving Skills
- Solid Work Ethic
- Strong Technical Aptitude
- Able to lift 70lbs or more
- Able to spend extended periods standing, squatting, or kneeling
- Able to repetitively reach up and over
- Capable of climbing up and down equipment and ladders
