Job Description

Work with a team in the process of manufacturing precast concrete products. Daily tasks would include cleaning and preparing molds, pouring concrete, and finishing concrete. This position reports to the Plant Manager and works with both the production and delivery teams. The right candidate is a self-motivated, independent worker who also excels in a team environment with an emphasis on quality of work.

Responsibilities:

- Read and understand the Production Schedule
- Assist with set up and stripping of concrete forms
- Adhere to production time frames
- Strict adherence to safety rules and restrictions
- Maintain a high standard of housekeeping

Skills Needed:

- Ability to read a tape measure to 1/16"
- Ability to use concrete finishing tools
- Proficiency in hand and power tools
- Basic understanding of Personal Protective Equipment (PPE)
- Ability to use heavy equipment (e.g. overhead cranes)
- Some woodworking skills preferable
- Welding skills a plus
- Pouring Duties
- Safety mindset

Qualifications:

- Work Experience: 0-2 years
- Team player

- Ability to handle physical workload
 - Lift up to 60lbs
 - Extended duration on foot (up to 8 hours)
 - Repetitive use of hand tools and/or power tools
